INNOVATIVE QUALITY PRODUCTS & SYSTEMS INC. ANNOUNCES NEW CLIENT, SCRAP METAL SERVICES, LLC

Pittsburgh, PA – April, 3, 2019 – Innovative Quality Products & Systems, Inc., is a Quality consulting and training organization that helps businesses and individuals implement or improve their ISO based business management systems, announces a new manufacturing client, Scrap Metal Services, LLC.

Scrap Metal Services, LLC is a privately-held company, headquartered in Burnham, IL. Founded in 2005, the company has grown rapidly through diversification in scrap processing, steel mill services and intermodal truck, container and railcar dismantling, ship and oil rig recycling, as well as trailer leasing operations.

IQPS simplified Scrap Metal Services, LLC procedures and processes to assist them in earning their ISO Certification for slab grinding services in their Dearborn, Michigan location. IQPS also performed internal audits to prepare them for their successful certification audit.

“I am pleased with the impact our Quality consulting and internal auditing services have had on Scrap Metal’s ISO based business management system,” states Robin Dudash, Owner and President of IQPS. “We look forward to continuing to work with them on all their ISO 9001:2015 Certification needs.”

IQPS provides Quality consulting services for auditing, productivity support services, and practical approaches to implementing ISO 9001, IATF-16949 and ISO 14001 for effective environmental management system and software quality engineering courses. IQPS has local, national, and international clients in the software quality, manufacturing, non-profit, and design industries.

Robin Dudash is the Owner and President of Innovative Quality Products & Systems, Inc. She has over 30 years in steel industry experience which made this implementation easy! IQPS specializes in consulting for ISO 9001, ISO 45001, ISO 14001, ISO 27001, ISO 20000 and the sector-specific TS/IATF-16949 development. IQPS also offers training services and internal quality auditing services for manufacturing and software development quality companies.
